December 2016

Merry Christmas!

Happy Birthday

Phoenix 12-1

Ms. Brittany

Aubrey 12-29

Ethan 12-30

The Infant Room moved up a few friends to Peach Room and welcomed some new infants to the room. The teachers are still working on sitting up, tummy time, and cruising around the room.

November kept the Peach Room very busy! They did lots of art with fall colors, including a turkey. At circle time the children are still learning their shapes and colors. Something new the children are interested in is learning their other friends names. It's super cute to watch them sit at the table and point to one of their friends and be able to say their name. Lately the children have been learning Christmas songs and preparing for the program.

This month Yellow Room spent exploring lots of things! At the beginning of the month they explored a class favorite, dinosaurs! Then next they dove into Superhero Week. Ms. Macy brought in some superheroes

for the children to play with. Then they rounded off the month by looking at Thanksgiving and all it means.

In November the Green Room spent some time learning about Thanksgiving. They talked about Native Americans, their homes, and made beaded necklaces, and headbands. They also talked about why pilgrims left their home in England and the Mayflower Voyage. The class had a blast dressing up as Pilgrims. In December the excitement for the first snow, celebrating Christmas, and decorating for Christmas are a few things the class will enjoy doing. The class will be making candy decorated Christmas trees on Tuesday Dec. 15th. Ms. Pam needs 2 parent volunteers, if you are able to come please talk with Ms. Pam.

In November the Blue Room integrated more songs and finger plays to go along with the weekly themes. Also, instead of having their teacher lead projects, the children are using their own cre-

ativity and imagination to carry out their art projects. In December the class is looking forward to working on dressing ourselves for the winter season. For example zipping up their winter coats, and putting on their mittens all by themselves. Next they will be learning how many cultures celebrate winter holidays. The class has been busy practicing for the Christmas program that's right around the corner.

Parents please remember even though it is getting much chiller outside the children will still be going out to play. Please bring your children with a heavier coat, gloves, and a hat.

Reminders:

Usborne book fair
Dec. 5th—9th

Christmas program
Dec. 8th @ 6pm.

Center closes early
Dec. 8th @ 5:30pm
