September 2016

## GO BIG RED

### Happy Birthday

Ms. Hannah 9-7

Ms. Bridget 9-10

Lelda 9-22

Elena 9-29

Just a reminder Kelly's Kids will be closed Monday September 5 in observance of Labor Day.

The Infant Room welcomed Alina to the room. Many of the friends are now on table food and crawling around. Lately Ms. Hannah and Ms. Pamela have been working on walking exercises and encouraging the children to take steps.

During August the Peach Room learned about me myself and I, that gave the class a chance to get to know ourselves a little bit better, like where our eyes, ears, and noses are. The class also learned the song "head, shoulders, knees and toes! The Back To School theme was all about learning the wheels on the bus song, our shapes, colors, numbers and ABC's! During the Carnival theme was a chance for the class to be silly! The class even made their own paper plate clown. Peach Room is excited for the fall weather and wants to remind parents to please pack a light jacket on the mornings it is cooler!

In August the Yellow Room welcomed many new friends! Ms. Kirsten and Ms. Steph plan to re-start their curriculum as many of their older friends have moved on to the Green Room. With Fall

approaching, the class will discuss the different sports played in fall. During the "All About Me" theme we want to get to know each student and the families more! We are excited to be creating new sensory and motor skill activities. The kids will get to participate in lots of hands on fun! Be on the look out for new pictures on the door showing you the fun we are having! As usual the Yellow Room friends will be learning their ABC and 123s, new songs and much much more!

Green Room friends enjoyed tasting all kinds of apples and making a favorite apple chart. Red Delicious and Pink Lady were the top two class favorites. After doing two weeks of Down on the Farm the Green Room friends still have the Old McDonald Had a Farm song stuck in their heads. The class learned the names of the mommy, daddy, and baby animals that live on the farm. The class roared, stomped and chomped like dinosaurs during their dinosaur week. They made a book about dinosaurs and started to even look like a dinosaur when they made their masks and sharp claws to wear on their

hands. In September the class will talk about who their friends are in their neighborhood. They will talk about the special jobs that each person has to keep our city and neighborhood moving and grooving! Grab your paint shirts because the class is going to explore with paint and paper and the many different ways we can use them.

With all of the transitions happening in August the Blue Room focused more on social environment. Ms. Paige and Ms. Hannah went over the classroom rules and expectations and also helped get the new friends acquainted with the old friends. After the class seemed to be acquainted they worked on color by number, dot to dot, cut and paste and writing their names. Soon the class will be learning sight words and working on small addition problems.

**Husker Friday's will kick off in August, every Friday show your Husker spirit by wearing red or a Husker shirt!!**
